Ranger Lite

The Ranger Lite by Kerckhaert has been designed for everyday use in both work and pleasure. It is easily shaped, hot or cold, and has a generic shape for front or hind. With a higher grade of steel for better wear and v-crease for better fit, this shoe provides the perfect solution for farriers who want the best results at the best price.

Punched for City or Slim.

One Shape - Unclipped - 000, 00, 0, 1, 2, 3

Ranger Lite Rim

The Ranger Lite Rim is an excellent shoe for activities that require more traction than a flat shoe. A very popular style for rodeo event horses and general trail use. With a higher grade of steel for better wear and v-crease for better fit, this shoe provides the perfect solution for farriers who want the best results at the best price. This shoe features sole relief.

Punched for City or Slim.

One Shape - Unclipped - 000, 00, 0, 1, 2, 3

	Width Inches	Length Inches	FIA Inches
RANGER LITE AND LITE RIM			
000	4-1/4	4-1/2	11-3/4
00	4-1/2	4-3/4	12-3/8
0	4-3/4	5	13-1/8
1	5	5-5/16	13-7/8
2	5-5/16	5-5/8	14-3/4
3	5-3/4	6	15-11/16

Standard

Quality in a one shape pattern (no front or hind). The placement of the nails in a V-shaped crease allows you to nail with confidence, knowing the integrity of the hoof will not be compromised. Fuller toe, inside bevel, sole relief and slight taper to heel area. The pricing of the Standard is very competitive, the quality is unsurpassed. **Shoes are symmetrical.**

Punched for 5 City or 5 Slim.

One Shape - Unclipped - 00 (18x8), 0 (19x8), 1 (19x8), 2 (20x8), 3 (20x8)

Standard Lite

Same quality as the well-known Standard Series shoe, the Standard Lite is a lighter version with 18x7 steel size. This shoe has the same features as the Standard: one shape pattern and V-shaped crease. Fuller toe, inside bevel and slight taper to heel area. This is an attractive, economical series for horses that require a lighter shoe. **Shoes are symmetrical.**

Punched for 4-1/2 Regular, 5 Race, 5 City or 5 Slim, depending on size.

One Shape - Unclipped - 000, 00, 0, 1 (all 18x7)

Standard Pony

The Standard Pony shoes have a very nice shape for ponies and even fit some miniatures. **Shoes are symmetrical.**

Punched for 3-1/2 Race, 4-1/2 Race or 4-1/2 Slim.

One Shape - Unclipped - 8x0, 6x0, 4x0 (all 16x6)

Standard Extra

A wide-web pattern designed to give protection and support - especially in rough terrain. Features include bevel on ground side, sole relief and slight tapering of heels. V-crease allows for better nail fit. **Shoes are symmetrical.**

Punched for 5 City or 5 Slim.

One Shape - Unclipped - 0, 1, 2, 3

Standard Rim

The Standard Rim is a one-shape pattern (no front or hind). This shoe is versatile and easily shaped to fit front or hind, without the pointed toe shape of other brands that makes it difficult to fit. The bevels on the inside and outside offer good breakover, as well as excellent grip in arena surfaces, trails and cross-country terrain. The full crease from heel to heel offers maximum traction. V-Crease ensures better nail fit. **Shoes are symmetrical.**

Punched for 5 City, 5 Race or 5 Slim.

One Shape - Unclipped - 0, 1, 2

Standard Lite Rim

A one shape pattern with the same weight as the popular SX-7 series, this is an ideal shoe for the Quarter Horse in various disciplines, including roping, barrels and other timed events. The shoes are easily fit to front or hind and the punching helps maintain the integrity of the hoof. V-Crease ensures better nail fit. Fuller toe, inside bevel, and slight taper to heel area. **Shoes are symmetrical.**

Punched for 4-1/2 Regular, 5 Race, 5 City or 5 Slim, depending on size.

One Shape - Unclipped - 000, 00, 0, 1 (all 18x7)

Dura Plain

This 3/8" thick generic shape shoe uses a high grade steel and good carbon content for extended wear. The Dura Plain meets the needs of horses working in rough and abrasive terrains. The shoe is available in a symmetrical shape with no front and hind.

Punched for city and slim blade nails.

One Shape - Unclipped - 00, 0, 1, 2 & 3

SX-7 Unclipped

The first Kerckhaert shoe designed specifically for the North American market. These light, strong shoes are among the most popular in the line. Used for a wide variety of disciplines, these 1/4" shoes allow good nailing and fit without adding excess weight. **Shoes are symmetrical.** Sole relief on fronts.

Punched for 4-1/2 Regular, 5 Race or 5 Slim, depending on size.

Front – Unclipped – 4x0, 000, 00, 0, 1, 2 (all 18x7)
Hind – Unclipped - 4x0, 000, 00, 0, 1, 2 (all 18x7)

SX-7 Clipped

The best light, clipped shoe on the market. The front pattern is quarter clipped and the hinds come with side clips. Because light shoes are often the most difficult to clip, you'll find these are an excellent option. Strong clips on well made shoes with sole relief. Toe area is slightly wider to provide strength and wear. **Shoes are symmetrical.**

Punched for 4-1/2 Regular, 5 Race or 5 Slim, depending on size.

Front - Quarter Clipped - 000, 00, 0 and 1 (all 18x7), 2 (19x7)
Hind - Side Clipped - 000, 00, 0 and 1 (all 18x7), 2 (19x7)

SX-8 Unclipped

Demand for shoes punched for City head nails brought forth the SX Series. The SX-8 is a 5/16" thick shoe with graduated widths. These shoes are used for trail, jumping, dressage and ranch work. **Shoes are symmetrical.** Sole relief on fronts.

Punched for 5 City, 5 Slim or 5 Combo.

Front - Unclipped - 00 (19x8), 0 (19x8), 1 (20x8), 2 (20x8), 3 (22x8)
Hind - Unclipped - 00 (19x8), 0 (19x8), 1 (20x8), 2 (20x8), 3 (22x8)

SX-8 Clipped

Efficiency is the name of the game. These shoes have a strong clip from top to bottom; quarter clip fronts, side clips behind. Because the clip is not drawn from the web of the shoe, the integrity of the nail holes and shoe strength is protected. Toe area is slightly wider to provide strength and wear. Front shoes have sole relief. **Shoes are symmetrical.**

Punched for 5 City, 5 Slim or 5 Combo.

Front - Quarter Clipped - 00 (19x8), 0 (19x8), 1 (20x8), 2 (21x8), 3 (22x8), 4 (22x8)
Hind - Side Clipped - 00 (19x8), 0 (19x8), 1 (20x8), 2 (21x8), 3 (22x8), 4 (22x8)

Steel Triumph Unclipped

The Triumph steel series is considered the premier shoe for a variety of disciplines, including event horses, cross-country and various rodeo applications. Kerckhaert has added additional thickness in sizes 0 - 3. Excellent front and hind shape and steeper bevel in toe provides good breakover and less chance of slipping. Sole relief and good heel support **Shoes are symmetrical.**

Punched for 5 City or 5 Slim.

Front - Unclipped - 00, 0, 1, 2, 3
Hind - Unclipped - 00, 0, 1, 2

Steel Triumph Clipped

The clipped version of Kerckhaert's popular Steel Triumph offers all of the great features you've come to love about the Steel Triumph - and the clips provide additional security and less stress on the nails. Quarter clipped fronts; side clipped hinds. Kerckhaert has added additional thickness in sizes 0 - 3. This change is especially beneficial if you use clipped shoes on event horses with larger feet. **Shoes are symmetrical.**

Punched for 5 City or 5 Slim.

Front - Quarter Clipped - 00, 0, 1, 2, 3
Hind - Side Clipped - 00, 0, 1, 2, 3

Steel Triumph Lite Unclipped

This series is designed specifically for the Quarter Horse and other breeds that don't require heavy steel for good performance. The front shape is slightly narrower than the regular Triumph series and makes fitting of the shoe much easier. With the lighter section of steel, this series has quickly become a favorite of performance horses in the ring and out. Boxed heels and sole relief. **Shoes are symmetrical.**

Punched for 4-1/2 Regular, 5 Race, 5 City or 5 Slim, depending on size.

Front - Unclipped - 000, 00, 0, 1
Hind - Unclipped - 000, 00, 0, 1

SX Roller Unclipped

With features similar to the Classic Roller, this shoe is an excellent choice for horses needing additional ease of breakover, whether for movement in performance, or simply more comfort because of injuries or chronic ailments. While this half round style boasts more ground surface than a true half round, it allows the ease of breakover half round shoes are noted for. The crease gives traction while not taking away from the rollover effect of the shoe.

Punched for 5 City, 5 Slim or 5 Combo.

Front - Unclipped - 00, 0, 1, 2

Pride Sliding Plates

Kerckhaert has introduced a higher level of quality to the reining and roping horse market with the Pride series of sliding plates. There is an excellent heel finish on all models. All Pride Series shoes are punched precisely for 4-1/2 Race, 4-1/2 Race XS, 4-1/2 Slim or 5 Special and require little filing to reduce the head of the nail. **All Pride Series shoes are symmetrical.**

1/4" x 1"

This is the most popular style in the line. Good all-around performance choice. This style is made with higher carbon steel for better wear and has a slight taper to 7/8" in the heel area. 6 nail hole pattern on all sizes.

Hind - 11, 11.5, 12, 13

1/4" x 1-1/4"

A slightly wider version of the Pride Sliding Plates. Also tapered to 7/8".

Hind - 11, 12, 13

1/4" x 7/8"

Excellent option for reining and roping horses, especially younger horses. High quality steel provides durability and strength.

Hind - 10, 11, 12

Pride Fine Sliding Plates 1/4" x 1"

The Pride Fine series of sliding plates offers a choice for the farrier that prefers a finer punching pattern. The series is available in a 1/4" x 1" stock size, with a very slight taper in the heel area. The nail pattern works best for a shoe fit that is very close to a perimeter fit, where the shoe is not set forward.

Hind - 10, 11, 12

Pride 1/4" x 3/4"

Versatility in a one shape pattern (no front or hind) best describes this flat shoe from Kerckhaert. Ideal for use with young roping horses and training for sliding horses. Also useful for other disciplines where a light, plain stamped shoe is required. No crease.

One Shape - 00, 0, 1

Draft Series 28x10 Unclipped

Responding to the North American market's demand for lighter shoes without clips, Kerckhaert produced the unclipped **3/8" x 1-1/8"** series. The shapes correspond to the natural shape of the draft horse. **Shoes are symmetrical.**

Punched for 7 or 8 Regular head.

Front and Hind - Unclipped - 5, 6, 7, 8

Draft Series 28x10 Clipped

It's a tradition to toe clip front and hind shoes for the workhorse to prevent the shoes from being driven back during work in the fields or on the streets. Kerckhaert provides a strong clip to make sure the job is done well. **3/8" x 1-1/8". Shoes are symmetrical.**

Punched for 7 or 8 Regular head.

Front and Hind - Toe Clipped - 5, 6, 7, 8

Draft Series 28x12 Clipped

These smaller draft shoes are often used on Haflingers, carriage horses and even Friesians in North America. This is a strong shoe that gives good wear. **1/2" x 1-1/8".**

Punched for E-8, E-9 or E-10, depending on size.

Front and Hind - Toe Clipped - 3, 4

Draft Series 32x12 Clipped

The most demanding of environments won't overwork these shoes. Anytime the work your horses are asked to do involves rough terrain, this is your most likely choice. Logging, packing, or whatever you are doing, these shoes have the strength to hold up and protect the hoof. **1/2" x 1-1/4"**

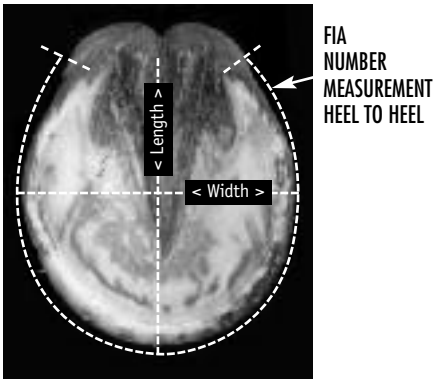

Punched for E-8, E-9 or E-10, depending on size.

Front and Hind - Toe Clipped - 5, 6, 7, 8

DF

The DF series of shoes is a European line of shoes. This line has become very popular in recent years. Made for the discerning farrier who requires finesse and attention to detail in his work. The DF line offers the broadest selection in features such as fronts and hinds, left and right foot patterns, different web sizes, clip positioning and nail hole sizing according to the size of the shoe.

Punched for E-head.

8mm - Front Toe Clipped - 5x0 (20x8), 4x0 (20x8), 000 (20x8), 00 (20x8), 0 (20x8 & 22x8), 1(20x8, 22x8), 2 (22x8 & 25x8), 3 (22x8 & 25x8), 4 (25x8)
8mm - Hind Side Clipped - 4x0 (20x8), 000 (20x8), 00 (20x8), 0 (20x8 & 22x8), 1 (20x8, 22x8 & 25x8), 2 (22x8 & 25x8), 3 (22x8 & 25x8), 4 (25x8), 5 (25x8)
10mm - Front Toe Clipped - 1 (22x10), 2 (22x10), 3 (22x10 & 25x10), 4 (22x10 & 25x10), 5 (25x10)
10mm - Hind Side Clipped - 0 (20x10), 1 (22x10), 2 (22x10), 3 (22x10 & 25x10), 4 (22x10 & 25x10), 5 (25x10)

DF Quarter Clipped

The front shape DF shoes with quarter clips are the fastest growing style in the A class Jumper circuit. The variety of steel sizes, combined with the excellent clip style and punching, has helped lead Kerckhaert to the top in this segment of the market. Available in 8mm and 10mm thickness. **Shoes are symmetrical.**

Punched for E-head.

8mm - Front Quarter Clipped - 00 (19x8), 0 (20x8), 1 (22x8), 2 (22x8), 3 (24x8), 4 (25x8), 5 (25x8)
10mm - Front Quarter Clipped - 0 (20x10), 1 (22x10), 2 (22x10), 3 (22x10), 4 (22x10 & 25x10), 5 (25x10), 6 (25x10)

DF Select

Specifically designed for the hunter jumper market where additional support is required. Heels are elongated and tapered. Widest part of shoe is moved forward, allowing an "extended" heel fit.

Punched for E-head.

8mm - Hind Side Clipped - 0 & 1 (20x8), 2, 3 (22x8)
10mm – Hind Side Clipped – 0 (20x10), 1 (21x10), 2 and 3 (22x10), 4 and 5 (25x10)

DF Grand Prix

This is a special hind shoe with a wider outside branch to give additional support in the heel area. Especially designed for the hunter jumper market.

Punched for E-head.

8mm - Hind Side Clipped - 0 (20x8), 1 (22x8), 2 (22x8), 3 (24x8), 4 (25x8)

DF Quarter Motion

The DF Quarter Motion is designed with a beveled toe on the ground surface which allows the hoof and limb to breakover with less stress and strain. The bevel continues around the branches of the shoes, a feature that allows for more comfortable lateral movement as well. The great Kerckhaert shape means the shoes are easy to fit and the quarter clips allow the shoe to be positioned to maximize performance. The shoes also have built-in sole relief. **Shoes are symmetrical.**

Punched for E-head nails. Front only.

Front - 0, 1, 2 (22x8), 3 (24x8), 4 (25x8)

Steel Comfort

The Steel Comfort meets the demands of farriers looking for a high quality shoe that aids in breakover. Key design features include rolled toe and branches, better breakover that improves coordination of movement and optimized balance with less pressure on the tendons. Built-in sole relief.

Punched for Liberty E-4 Slim and 5 Combo.

Front - Side Clipped - 00, 0, 1, 2, 3, 4

Classic Roller Clipped

This half round style actually boasts more ground surface than a true half round but you get the full benefit of ease of break-over that half round shoes are noted for. The full shape of the front pattern allows for easy fitting. The width of the sections gives a great base of support. Available in quarter clipped or toe clipped front, side clipped hind. **Classic Roller Fronts are symmetrical.**

Punched for E-head.

Front - Quarter Clipped - 00 (20x8), 0 (20x8), 1 (22x8), 2 (22x8), 3 (22x8 & 24x8), 4 (24x8)
Front - Toe Clipped - 1 (22x8), 2 (22x8), 3 (24x8)
Hind - Side Clipped - 0, 1, 2 (all 22x8), 3 (24x8)

Concave Clipped

Kerckhaert offers an excellent selection of concave shoes. The shapes and punching of Kerckhaert result in a premium concave shoe. The toe is now "safed" or slightly beveled; a modification that is commonly used for concave. The Concave series boasts the innovative radius clips found on many of the other Kerckhaert series. The hinds feature a lateral heel extension (wider heel pattern) up to size 3. Quarter and toe clipped fronts and side clipped hinds.

Punched for E-head.

Front Quarter Clipped – 0 (20x10), 1 (20x10 & 22x10), 2 (22x10), 3 (22x10)
Front Toe Clipped - 00 (20x10), 0 (20x10), 1 (20x10 & 22x10), 2 (22x10), 3 (22x10), 4 (23x11)
Hind Side Clipped - 00 (20x10), 0 (20x10), 1 (20x10 & 22x10), 2 (22x10), 3 (22x10), 4 (23x11)

Century Big Foot

Kerckhaert has addressed the problem many farriers run into with the warm blood influence in the market. Sizes 6 & 7 fill a much needed gap in shoe size selection in the market. Creased through the toe, with an inner bevel and solid heels, this shoe series provides an excellent choice for larger riding or carriage horses. **Century Big Foot Fronts are symmetrical.**

Punched for E-head.

11mm - Front Toe Clipped - 4, 5 (all 25x11)
11mm - Hind Side Clipped - 4, 5 (all 25x11)
12mm - Front Toe Clipped - 6, 7 (all 28x12)
12mm - Hind Side Clipped - 6, 7 (all 28x12)

SSP Unclipped

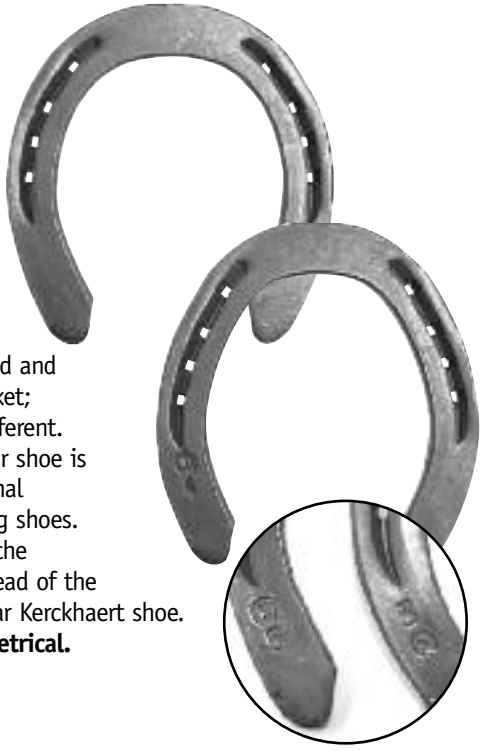

The original unclipped style, most popular on the hunter jumper circuit. A broad choice of steel sizes, made in front and hind patterns - left and right, makes this an extremely versatile series.

Punched for E-head.

8mm - Front Unclipped - 4x0 (18x8), 000 (18x8), 00 (19x8), 0 (20x8), 1(20x8 & 22x8), 2 (22x8), 3 (22x8)
8mm - Hind Unclipped - 4x0 (18x8), 000 (18x8), 00 (19x8), 0 (19x8 & 20x8), 1 (20x8 & 22x8), 2 (22x8), 3 (22x8)
10mm - Front Unclipped - 1, 2, 3, 4, 5 (all 22x10)
10mm - Hind Unclipped - 1, 2, 3, 4, 5 (all 22x10)

Meister Hufeisen

The Meister is wider at the toe and in the heel area where the foot needs the most support, the branches are narrower so that they are more easily modified. The Kerckhaert Meister is a series designed and made for the German market; therefore, the sizing is different. The number on the Meister shoe is two sizes larger than normal Kerckhaert sizing for riding shoes. In addition, the mark on the Meister shoe is a "D" instead of the "K" you find on the regular Kerckhaert shoe. **Meister Fronts are symmetrical.**

Punched for E-head.

Millimeter

Aluminum Century Unclipped

The Aluminum Century Unclipped series provides farriers who prefer the Kerckhaert Triumph Aluminum an option for smaller feet. This shoe is a good fit for feet that require a narrower shape, with less width in the toe. **Shoes are symmetrical.**

Punched for 4-1/2 Regular, 5 Race or 5 Slim.

Front - Unclipped - 000, 00, 0, 1, 2

Aluminum Century Degree Unclipped

Kerckhaert has produced the Aluminum Century Degree to complement the Aluminum Century Unclipped shoe. Farriers will find a wedge platform on this shoe, with many of the features of the unclipped series. **Shoes are symmetrical.**

Punched for 4-1/2 Regular, 5 Race or 5 Slim.

Front - Unclipped - 000, 00, 0, 1

Aluminum Century Clipped

The Century Support front pattern is a more traditional round shape. Thicker than Triumph for additional strength and without the broad toe. The shoes have a slightly finer punch. Designed with support in the toe and heel area similar to the Meister steel shoes. Available in front and hind patterns. Quarter clipped front, side clipped hind. **Shoes are symmetrical.**

Punched for 4-1/2 Regular, 5 Race or 5 Slim.

Front - Quarter Clipped - 00, 0, 1, 2, 3, 4

Hind - Side Clipped - 00, 0, 1, 2, 3

Aluminum Comfort

An addition to the Comfort series that offers a lighter weight option. Key design features include - rolled toe and branches, better breakover improves coordination of movement, optimizes balance, less pressure on the tendons. Adequate thickness to provide strength and durability. Toe insert to increase wear. Built-in sole relief.

Punched for E-head and 5 Combo. 0 & 1 – E-4 Slim; 2 & 3 – E-5 Slim.

Front - Side Clipped - 00 (24mm), 0 (25mm), 1 (26mm), 2 (27mm), 3 (27mm)

Triumph Aluminum Unclipped

The Triumph is a drop forged aluminum shoe that has an optimum front shape. These shoes are commonly used by the Western Pleasure market as well as the Hunter and Thoroughbred shoer. Well-placed nail holes allow for good nailing and choices when the wall is less than perfect. The sole relief is built in - saving you time. The material is a high grade aluminum that provides good wear and strength. **Shoes are symmetrical.**

Punched for 4-1/2 Regular, 5 Race or 5 Slim.

Front - Unclipped - 4x0, 000, 00, 0, 1, 2, 3

Triumph Aluminum Clipped

The Triumph Clipped shoes have all the same features as the unclipped version, while offering the strength of quarter clips. **Shoes are symmetrical.**

Punched for 4-1/2 Regular, 5 Race or 5 Slim.

Front - Quarter Clipped - 000, 00, 0, 1, 2, 3

Triumph Aluminum Degree

Triumph Degree has the same features of the Triumph Aluminum flat shoes - with added lift for improved performance.
Shoes are symmetrical.

Punched for 4-1/2 Regular, 5 Race or 5 Slim.

Front - Unclipped - 000, 00, 0, 1, 2, 3

Triumph Aluminum Egg Bar

Triumph aluminum egg bars offer all of the popular features of the Triumph series - with the additional support that is characteristic of barshoes.
Shoes are symmetrical.

Punched for 4-1/2 Regular, 5 Race or 5 Slim.

Front - Quarter Clipped - 000, 00, 0, 1, 2, 3

SX-7 and SX-8 Egg Bar

Our bar shoes are carefully fabricated using the Kerckhaert shoes and the same steel for the bars. Available in a variety of styles, these bar shoes have become the most popular brand in North America. The SX-7 are the lighter shoes in the series. Commonly used in the quarter horse and light horse market. The SX-8 is used in a variety of disciplines, especially where strength and good support are required. **SX-7 and SX-8 Bar Shoes are symmetrical.**

SX-7 are punched for 4-1/2 Regular, 5 Race or 5 Slim, depending on size. SX-8 are punched for 5 City, 5 Slim or 5 Combo.

SX-7 - Front - Unclipped - 00, 0, 1, 2
SX-7 - Front - Quarter Clipped - 000, 00, 0, 1, 2

Steel Triumph Egg Bar

Excellent shoe for event horses.

Punched for 5 City, 5 Race and 5 Slim.

Front - Quarter Clipped - 00, 0, 1, 2, 3

Standard Egg Bar

The Standard is the most basic bar shoe in the farrierproducts™ line. It is available in a one shape pattern without clips. A versatile shoe, this series can be shaped for front or hind feet. **Shoes are symmetrical.**

Size 000 punched for 5 Race or 5 Slim. Sizes 00, 0, 1 and 2 punched for 5 City or 5 Slim.

One Shape - Unclipped - 000, 00, 0, 1, 2

DF Egg Bar

This is a clipped shoe that has similar steel sizes to the SX-8.

Punched for E-head.

Front - Quarter Clipped - 0, 1, 2, 3, 4

Hind - Side Clipped - 0, 1, 2, 3

Half Round Egg Bar

The TDR is made with approximately 3/4" half-round stock. This gives additional help with breakover while giving plenty of support.

3/4" (18x9) - Unclipped - 0, 1, 2

Classic Roller Egg Bar

This clipped shoe features greater ground surface than a true half round to ease breakover.

Punched for E-4 Slim and E-5 Slim.

Front - Clipped - 00, 0, 1, 2, 3 (22x8), 3 and 4 (24x8)

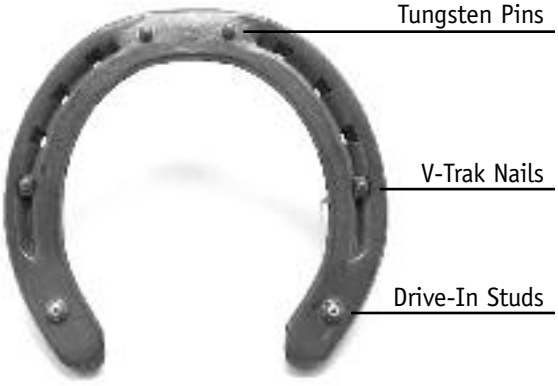

SSP Egg Bar

Providing an option for the very large foot, this 22x10mm shoe is available unclipped only.

Punched for E-head.

Front - Unclipped - 5

Drive-In Studs and Tungsten Carbide Pins

For those situations when you need only enough traction to prevent sliding or slipping on hard surfaces, Tungsten Carbide Pins, Drive-In Studs and Vector V-Trak nails are very simple to apply.

Simply drill with a bit and seat the tapered shaft of the stud into the hole. It's amazing how much confidence your horses will gain when on blacktop or concrete. The studs should also give good traction for trail riding in terrain with large rocky footing. 50 pieces per pack.

As with the Drive-In Studs, you seat the tapered shaft of the pin into the hole. Holes may be drilled in toe or heel of the shoe. Installation requires the use of a drill bit - included with every package of 100 pins.

Traction Nails

Vector V-Trak are available in sizes 4-1/2 Race, 5 City, 6 City and E-4 Slim. Packed in 100 piece plastic boxes.

Countersink Drill Bit

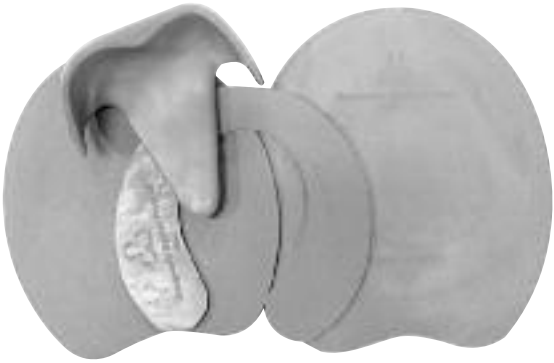

This German-made Countersink Drill Bit is receiving very positive comments from farriers who are using it. The overall length of the bit is 3-1/4". With the shorter bit there is less chance of breakage compared to longer bits. For use with a 3/8" tap. Excellent for both 8mm and 10mm shoes.

TEP Pads

FPD is the exclusive distributor of Dura-Shock Pads. We offer a full range of flat, wedge and rim pads. We also distribute the Lily Pad. Once taped on for immediate emergency support it creates an instant heartbar effect without trauma to the foot.

- 1/8" Flat Pad
- 5/32" Flat Pad
- 1/8" Rim Pad
- Lily Pad
- 3/16" Flat Pad
- 11/32" Wedge Pad
- 1/8" Double Rim Pad

Kerckhaert Snow Rim Pads

Kerckhaert Snow Rim Pads in two different materials - rubber (black) and polyurethane (clear) - are now available in front and hind in large and medium sizes. Each pair is in an individually wrapped package.

Kerckhaert Daily Tracker Pad

Kerckhaert has introduced a pad line called the Daily Tracker. The medium urethene pads are approximately the same dimensions as a Castle #4.

Castle Plastics

We are pleased to be a distributor for Castle Plastics – a leading manufacturer of hoof pads. Castle takes pride in the innovation and quality of products that they produce, including bar wedge pads, 2 and 3 degree oval pads, snow ball pads, impak pads, pour pads, and wedges with frog support.

LIBERTY
HORSESHOE NAILS

LIBERTY
A REAL EVOLUTION

High quality nail designed by Kerckhaert Horseshoe Company with precise and consistent specifications that provide consistent driving, excellent points and outstanding finish.

Liberty Cu Nails with Copper (Cu) Shield Technology

In addition to all of the same great features of the regular Liberty nail Liberty Cu horseshoe nails include Copper (Cu) Shield Technology. This technology provides more protection than traditional horseshoe nails. Hoof wall, white line and sole are stronger and healthier when Liberty Cu nails are used on a daily basis. The Copper(Cu) Shield Technology is unique to Kerckhaert and Liberty Cu horseshoe nails.

New Cu Hybrid Nails

The bevel angle on the trademark face of the nail allows the nail to lock in better in all types of shoes punched for E-Heads, including concave. The slightly larger specifications of the shank immediately under the head will provide additional strength and a better fit in the pritcheling of the shoe.

Liberty Cu Hybrid nails with Copper (Cu) Shield technology is available in sizes 3, 4 and 5.

The Full Line of Liberty Cu Horseshoe Nails with Copper (Cu) Shield Technology:

- 5 Combo Slim
- 5 Slim
- 5 City
- LX-50, LX-55, LX-60, LX-65, LX-70
- E-2 through E-7 Slim
- Cu Hybrid in sizes 3, 4 and 5
- Cu Race in sizes 3-1/2, 3-1/2 XL, 4-1/2 and 5

Kerckhaert Nail Hole Solution

This hoof care product was formulated specifically to treat old nail holes. Use the Kerckhaert Nail Hole Solution in combination with Liberty Copper Coated Cu horseshoe nails for added protection and outstanding results. When used regularly, Kerckhaert Nail Hole Solution forms a permanent barrier between the environment and healthy hoof tissue so old nail holes stay clean. Available in 4 oz. size.

VECTOR
HORSESHOE NAILS

A wide range of nails produced for superior quality and performance. Vector nails are packaged in durable plastic containers with color coded labels indicating the different nail styles. All boxes contain 250 nails. 5 Race, 5 City and 5 Slim are also available in boxes containing 100 nails. Many nail sizes are available in Farrier Packs - containing 1,250 nails.

Vector V-Trak

The consistency of the hard facing combined with the high tensile strength of the Vector nails has produced a traction product that has met the demands of the professional farrier. Prices are very competitive.

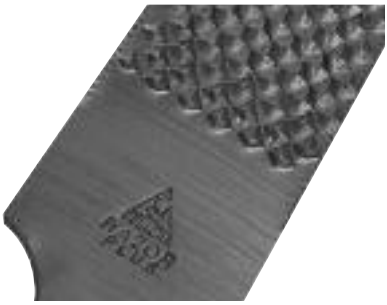

Available in sizes 4-1/2 Race, 5 City, 6 City and E-4 Slim. Packed in 100 piece plastic boxes.

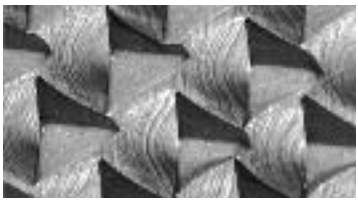

Bellota Rasps, Files and Tools

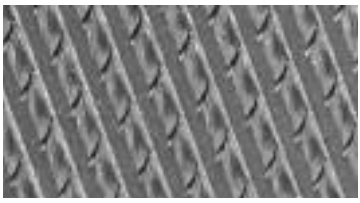

The Bellota brand has been a leader in the North American market since the early 80's. We are pleased to offer these products through our farrierproducts™ dealers.

Razor Plus Rasp

Using a higher grade material for the Bellota RAZOR Plus rasp, it has proven in farrier testing to have a longer life. In addition, the tooth design is more aggressive and requires only a very light stroke in the early stages of using the rasp.

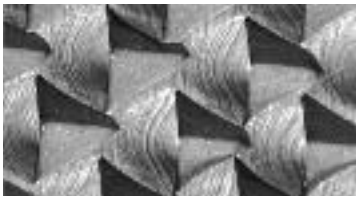

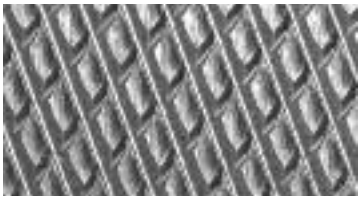

Top Sharp Rasp

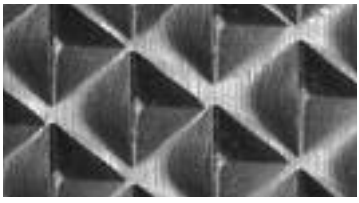

The aggressive design of the file side on the Top Sharp lets you get in and get out with maximum results.

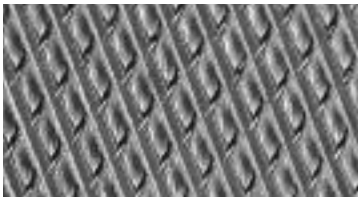

Classic Rasp

The smooth cut of the classic file side is the best choice for a smooth finish.

Raptor Rasp

The extra width of this rasp – 1/2" wider than other Bellota Rasps – provides a greater cutting surface. The 14" Raptor features a maximum cut on the rasp side; with a coarse cut on the file side.

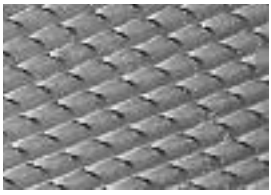

RASPS AND FILES

Mini Rasp

Like the Top Sharp, the aggressive design of the file side on the Bellota Mini Rasp lets you get in and get out with maximum results - but has an overall length of 13" - making it very handy for working on foals, ponies and miniature horses. Handle is included.

Top Finish File

Farriers looking for a finish flat file have agreed that the 14" Top Finish File exceeds their expectations. One side is coarse, with the other being fine.

Half Round Files

We offer three 14" Half Round file options from the Bellota line. The Pipeliner is single cut, often used for aluminum finishing and the hoof. The Half Round with a double cut provides a smooth finish to steel or aluminum and the hoof. The Half Round with the bastard cut is the most aggressive cut (coarsest) of the three options.

6" and 8" Knife Files

Mill bastard with 2 round edges. Each file is checked, one by one, to ensure quality and provide perfect filing. All Bellota files are protected by a rust proofing treatment.

Bellota Files

NEW!

- 14" Tapered Half Round File - 2nd Cut
- 14" Flat Tapered File
- 12" Round Files
- 12" Triangular File
- 8" Chainsaw File, 3/16 Dia.

FootPro™

FootPro™ is a brand developed by FPD based on years of feedback from professional farriers. The detailed finish by skilled craftsmen is a trademark for the FootPro™ line that focuses on engineering using the highest quality of steel and heat treatment. All FootPro™ tools are fully polished for additional comfort.

FootPro™ Polished Nippers

Made in the USA by highly skilled craftsmen, the FootPro 12", 14" and 15" Regular and 12" and 14" Race Track Nippers are fully polished. They are competitively priced and, as with all FootPro tools, are backed by our quality service and standard warranty.

FootPro™ Half Round Nippers

The Half Round is useful for resections and taking out excessive sole. They are competitively priced and are backed by our quality service and standard warranty.

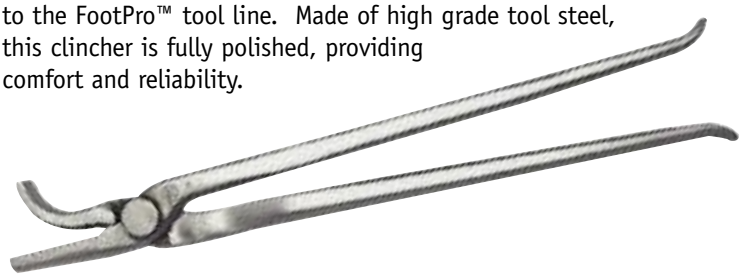

FootPro™ Angled Clincher

The angled, ergonomic design of the FootPro™ Clincher allows easier clinching with less stress on your wrists. The teeth of this tool have proven to be extremely durable under the most trying of circumstances.

FootPro™ Saddlehorse Clincher

A traditional style saddle horse clincher has been added to the FootPro™ tool line. Made of high grade tool steel, this clincher is fully polished, providing comfort and reliability.

FootPro™ Nail Puller

The FootPro™ Crease Nail Puller is designed for higher leverage with less effort. This tool is 11-1/2" long, made using high-grade tool steel and is fully polished for handling comfort. Used properly, this tool will provide long-term service and make the pulling of nails a much easier task.

FootPro™ Rounding Hammers

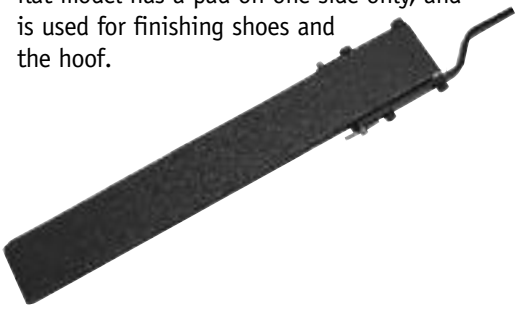

The design of the FootPro™ 1-3/4 lb. and 2 lb. hammers draw on ideas provided by professional farriers regarding the balance and details of a well performing forging hammer. All details of forging, machining, tempering and finishing were carefully scrutinized by respected tradesmen. Hammers are forged with high quality steel, are 16" in overall length, fully polished and feature a 1-5/8" diameter face.

FootPro™ Sandbox Tool

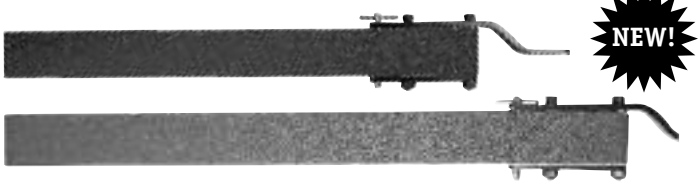

The FootPro™ Sandbox hoof and shoe finishing tool is now available. This is a nicely designed and well-built tool; most commonly used by competitors and for show horses. This flat model has a pad on one side only, and is used for finishing shoes and the hoof.

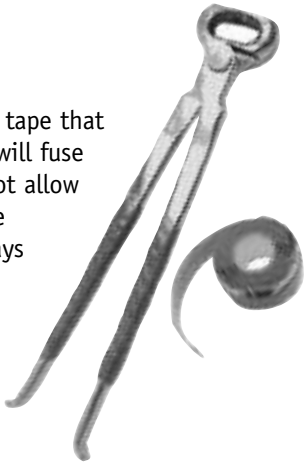

FootPro™ Sandbox Half-Round Tool

The FootPro Sandbox Half-Round is the same length as the regular Sandbox tool, but narrower with a half-round shape. There are three models of the Sandbox Half-Round tools, 15" or "regular", 18" or "long" and a Half-Round regular 2" wide.

FootPro™ Tool Wrap

The FootPro™ handle wrap is a versatile tape that works well as a handle wrap. The tape will fuse onto itself after two minutes and will not allow repositioning. It has a very high tensile strength, will not melt up to 500 Fº, stays flexible to -60 Fº and will stretch up to 300%. This tape resists UV rays and weathering and is better than duct tape and other wraps. The tape is available in 10 ft. rolls.

FootPro™ Outer Rim Clincher

The custom design of fp™'s Outer Rim Clincher allows the jaw to reach the nail head even when below the outer rim. The clincher is polished, forged from high quality tool steel, precision machined and heat treated for strength and durability. Excellent tool for race track farriers.

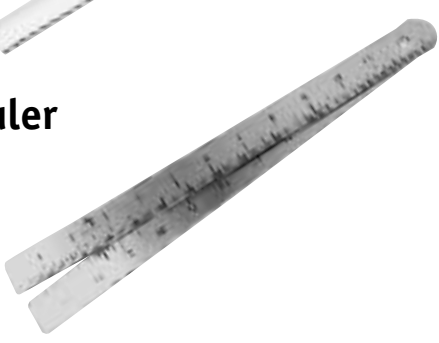

FootPro™ Knife Sharpener

High quality knife sharpener is made of diamond coated solid steel with plastic handle.

FootPro™ Brass Ruler

24" brass ruler - folds in the middle; inches on one side, millimeters on the other. Typically used in measuring steel when forging shoes.

FootPro™ Brass Hoof Balance Ruler

12" brass ruler - inches on one side, millimeters on the other. Can be used to check the medial/lateral balance of the foot.

fp™ Saddlehorse Clincher

Forged from high quality tool steel, precision machined, and heat treated for strength and durability. Fully polished.

fp™ 12" Pull Off Polished

They are used in removal of shoes and can also be used to cut nails without damage to the blades. Fully polished.

fp™ Rasp Handles

Our aluminum rasp handles have two sets of hex head set screws to securely hold rasp in place. Available in 3 sizes: 1-1/4", 1-1/2", and 1-3/4". Comes with L shaped hex wrench.

FDick Nylon Hammers

35mm head diameter has a shorter handle than FDick 40mm Nylon Hammer. Handy size for use with an undercut or cutting clinches. 40mm head diameter is particularly useful when used with a toeing knife and blocking and cutting clinches. FDick Nylon Hammers extend the life of the tool being struck and creates less concussion for the horse.

Roy Bloom is recognized throughout the industry for the attention to detail and performance of the products he manufactures. Tools made by Bloom Forge come to you ready to work in your application. As a farrier, Roy understands the use of the tools. As a blacksmith, he understands the unique characteristics of the materials and stresses they endure in use. Bloom Forge offers the most extensive line of commercially available forging and shoeing tools in the North American market.

Length - 30"

FootPro™ File Tool Roll

This is a really nice option for competitors that travel for contests and need to take a variety of finishing tools with them. It will also be useful for any farrier or vet to carry the key tools they need when not working out of their rigs.

HOOF KNIVES

Bloom Forge Regular & Offset Blade

- Made of knife-grade, hardened carbon steel
- Unique diamond wood handle
- Right or left handed
- Blade length: 2-1/2"
- Handle length: 5-1/2"

Bloom Knife Comfort Grip Regular & Offset

- Slimmer diamond wood handle
- Offset blade
- Right or left handed
- Blade length - 2-5/8"
- Handle length - 5-1/2"

Bloom Forge Loop

- Made of knife-grade, hardened carbon steel
- Unique diamond wood handle
- Blade length: 2-1/4"
- Handle length: 5-1/2"

Bloom Forge Special Knife

- Made of knife-grade, hardened carbon steel
- Curved blade
- Narrower and longer wooden handle
- Right or left handed
- Blade length: 2-1/2"
- Handle length: 5-7/8"

fp™ Wide & Narrow Blade

- Made in Germany
- Made of high quality steel blade
- Right or left handed
- Blade length: 2-1/2"
- Handle length: 5-7/8"

fp™ Double Edge Right

- Made in Germany
- Made of high quality steel blade
- Blade length: 3"
- Handle length: 5-3/4"

HOOF KNIVES

FDick Wide & Narrow

- Made in Germany
- Right or left handed
- Blade length: 3"
- Handle length: 5-3/8"

FDick Gripmaster

- Made in Germany
- Special contoured handle
- Right or left handed
- Blade length: 2-1/2"
- Handle length: 5-1/2"

FDick Ascot

- Made in Germany
- Right or left handed
- Blade length: 2-1/2"
- Handle length: 5-3/8"

FDick Double Edge Right

- Made in Germany
- Blade length: 3"
- Handle length: 5-3/8"

Victorinox Regular & Double Edge

- Made in Switzerland
- Right handed and Double Edge Right
- Blade length: 3-1/8"
- Handle length: 5-1/8"

Frost (Mora) Wide, Narrow and Double Edge

- Made in Sweden
- Right or left handed
- Blade length: 2-7/8"
- Handle length: 5-1/8"

Liberty Driving Hammers

Kerckhaert has introduced a new driving hammer. This is a nicely balanced hammer and, with the "weight forward" design, the hammers actually feel a bit heavier than the head weight indicates. Available in four sizes; 6, 7, 8 and 9 oz.

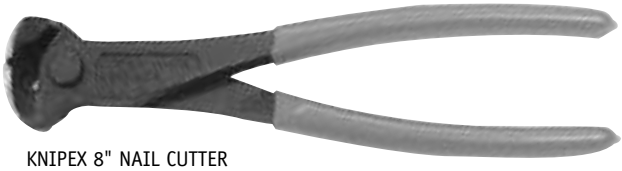

Knipex Tools

Farriers recognize the tough, durable construction of this brand of cutters. You can count on these cutters to hold up to the daily demands of cutting horseshoe nails.

KNIPEX 8" ULTRA CUT

KNIPEX 8" NAIL CUTTER

KNIPEX 12" CUTTER WITH CLINCH BLOCK

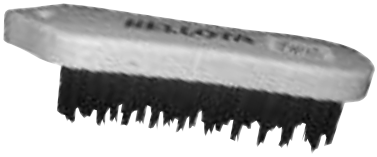

Jumbo Butcher Block Brush

Jumbo Flat Wire Block Brush with a wood handle. 9-1/4" x 3-3/4". Wire trim length 1-1/4". A great tool for cleaning scale during forging.

Bellota Wire Hoof Brush

Used for cleaning the foot before beginning the trimming process.

Bellota Stainless Steel Brush

Lightweight Stainless Steel Brush used for the hoof or cleaning shoes on resets

Magnets

- 2" Round Magnet
- 2 5/8" Round Magnet
- 3 1/8" Round Magnet
- Hammer Handle Magnet
- Liberty Wrist Magnet

Welding Flux

- Iron Mountain - general use
- Red Mountain - brazing
- White Mountain - coal

Rasp and File Handles

- Kerckhaert Chameleon Drive-On Rasp Handle
- Ranger Rasp Handle
- Twist-On Plastic (Orange & Green)
- Twist-On Wood (Long & Short)
- Drive-On Wood
- FootPro™ Aluminum Rasp Handles
- Bellota Wood Rasp Handles
- Drive-On Wood 6" and 8" File Handles
- Bellota Drive-On Rasp Handle for Rasps and 14" Files
- Bellota Drive-On File Handle for 6" Files
- Bellota Drive-On File Handle for 8" Files

KERCKHAERT CHAMELEON DRIVE-ON RASP HANDLE

RANGER RASP HANDLE

TWIST-ON PLASTIC RASP HANDLE

BELLOTA DRIVE-ON RASP HANDLE

BELLOTA DRIVE-ON RASP AND FILE HANDLE

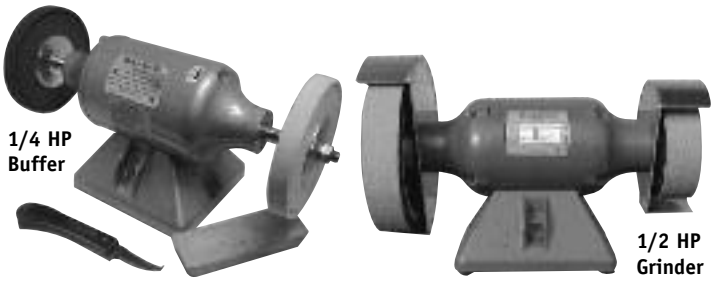

DIAMOND POLY TWIST HANDLE

Replacement Handles

- Bloom Forge - 14-1/2" Driving Hammer Handle
- Bloom Forge - 18" Rounding Hammer Handle
- Bloom Forge - Punch and Creaser Handle
- fp™ - 16" Wide Grip Hammer Handle (fits Bloom and FootPro™)
- FootPro™ - 16" Hammer Handle
- Diamond - 24 oz. and 36 oz. Rounding Hammer Handles
- Horsehead - 8 oz. and 12 oz. Hammer Handle
- Bellota - Driving Hammer Handle
- Liberty - Driving Hammer Handle

Baldor Buffers and Grinders

- 1/4 HP Buffer (1800 RPM)
- 1/2 HP Grinder and 3/4 HP Grinder (3600 RPM)

Attachments for 1/2 HP & 3/4 HP Grinders

- 7" Aluminum Heel Finish Disc with Spacer
- 6" and 10" Expander Wheel with Guard

FootPro™ 2"x36" & 2"x48" Grinding Attachments

- FootPro™ 2"x36" and 2"x48" grinder attachments
- The 8" contact wheel makes the attachment more compact and produces a significantly higher belt speed, in the same way the Expander wheels do
- Fits any 1/2 hp or larger grinder with a shaft at least 2-1/2" long and 5/8" in diameter
- Wide range of both 2"x36" and 2"x48" belts that fit these units

Natural Rubber Belt Cleaning Stick

- Used to clean and extend the life of grinding belts
- Especially useful before and after grinding aluminum
- Size: 8" x 1-1/2"

Knife Sharpening Products

- 6" Buffing/Sharpening Wheel
- 6" Felt Wheel with Groove
- Buffing Compounds
- 6" Cotton Wheel
- 6" and 8" Sisal Wheel
- 8" Muslin Wheel
- 6" Blending Wheel - Used for the initial sharpening of hoof knives and blending the edge of the knife blade.
- FootPro™ 6" Economy Wheel

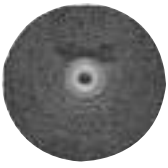

Sisal Wheel

Cotton Wheel

FootPro™ 6" Economy Wheel

Blending Wheel

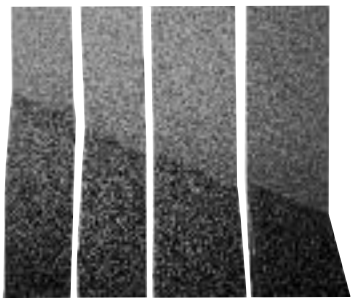

Hoof Finishing Products

- Hoof Buffer Attachment
- Replacement Sleeves (40, 60 and 100 grit) & Bladders

FootPro™ Dual Grit Belts

The Dual Grit belts for the FootPro Sandbox tools have two grits instead of one. Using two different Zirconia coatings, it's easy to see the difference at a glance; one half of the belt length is finer than the other half. 40/80 grit and 80/120 grit are available for all of the Sandbox tools.

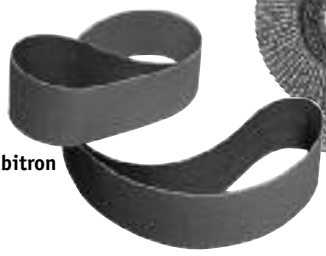

Abrasive Belts and Discs

We offer a wide range of abrasive belts and discs specifically selected for the farrier's use. VSM and 3M are the high quality brand names that we feature.

- Blue Zirconia - 2x36", 2x48", 6" & 10" Expander Wheels
- Ceramic - 2x36", 2x48", 6" & 10" Expander Wheels
- Aluminum Oxide - 10" Expander Wheel
- 4-1/2" and 7" Flap Discs
- 3M Cubitron - 2x36", 2x48", 10" Expander Wheels

3M Cubitron Belt

Abrasive Belt Safety Measures

Personal Protection and Exposure Control

- Use in an enclosed area.
- Provide ventilation adequate to control dust concentrations.
- If ventilation is not adequate, use respiratory protection equipment.

Eye/Face Protection

- To minimize the risk of injury to face and eyes, always wear eye and face protection when working at sanding or grinding operations or when near such operations.
- Use of a full face shield is recommended.

Skin Protection

- Wear appropriate gloves to minimize risk of injury to skin from contact with dust or physical abrasion from grinding or sanding.
- Wash exposed areas thoroughly with soap and water.

Respiratory Protection

Avoid breathing of dust created by sanding, grinding or machining.

Animalintex® Hoof Poultice and Poultice Pad

NEW!

Animalintex™ Poultice Pad is a convenient, ready-to-use poultice that comes in a pad. This unique poultice contains a mild antiseptic (boric acid) and tragacanth, a natural poultice agent to promote fast healing.

Vetrap™

NEW!

Used by professionals for over 40 years. Layers "bond" together to provide support bandages that stay put, allowing better fit and lower risk of bandage slipping.

Gamgee® Cotton

NEW!

Gamgee® Highly Absorbent Padding is a 100% cotton roll with a non-woven, durable cover. Used as a wound dressing, protective padding or for warmth/insulation.

3M™ Electrical and Duct Tape

NEW!

Heavy Duty Duct Tape for all purposes – 1.88" x 55 yards. Electrical tape is excellent for bandaging, as well as electrical use. 3/4" x 60'.

3M™ N95 Particulate Respirators

NEW!

- Braided headbands with two-strap design and staple free dual point attachment help provide a comfortable and secure fit
- Adjustable noseclip reduces potential for eyewear fogging and helps ensure a secure seal and fit
- Compatible with a variety of protective eyewear and hearing protection
- Suggested applications: Grinding, Sanding, Sweeping, Bagging and other dusty operations
- Can also be used to help reduce inhalation of certain airborne biological particles like mold, Bacillus anthracis, Mycobacterium tuberculosis, etc.

3M™ Safety Glasses with LED Lights

NEW!

- Industrial protective eyewear with integrated hands-free lighting
- Bright LED lights swivel to direct light where needed most
- Long-lasting batteries provide up to 50 hours of continuous use
- Polycarbonate lenses absorb 99.9% UV
- Available in Clear, 1.5, 2.0 & 2.5 Diopt and Clear Over Glasses model

SBS Equine

Quality hoofcare products based on sound medical principles.

SBS Thrush Stop

- "Non-Staining" liquid formula
- Works on the most serious cases of thrush that nothing else can touch, yet is long lasting and gentle to hoof tissue
- Contains no formaldehyde (formalin) or other cancer causing agents
- Effective against stubborn Candida (yeast) infections

SBS Thrush Stop "Blue"

- "Marking" gel formula; blue color marker shows where product has been applied and when to reapply as the color fades
- Additional ingredients have been added to stop stubborn bacteria and fungi along white line, clefts of the frog, cracks and nail holes
- Unlike competitor brands, SBS Thrush Stop Blue does not contain the carcinogen - formalin
- Gentle to hoof tissue, but tough on germs
- SBS Thrush Stop Blue formula stays in place when applied, unlike competitor brands which tend to run

SBS Sav-A-Hoof Spray

- Can be used in hoof soaking boots
- Fights White Line Disease, Seedy Toe, Thrush, Stubborn Candida Yeast, Fungus, Mold, Anaerobic and Aerobic Bacteria
- Used for prevention and treatment
- Binds to hoof protein for long lasting protection Refill sizes can also be used in horse boots as a safe soaking solution.

SBS Sav-A-Hoof Gel

- Unique time release formula fights White Line Disease, Seedy Toe, Thrush, Candida Yeast, Aerobic and Anaerobic Bacteria, Mold and Fungus
- Lasts for weeks
- Use it in nail holes, cracks and defects
- Apply along horn rim, deep into sulcus, under shoes and pads

SBS Sav-A-Hoof Liquid

- Fights White Line Disease, Seedy Toe, Thrush, Candida Yeast, Anerobic and Aerobic Bacteria, Mold and Fungus
- Apply daily to the affected area for maximum results
- Can be applied to the coronary band which will allow it to enter the horn tubules
- Includes built-in applicator

SBS Sav-A-Hoof Protectant

- Dual-action hoof conditioner provides an effective barrier against fungus and bacteria
- Deflects external moisture and contaminates
- Helps rejuvenate frog function
- Great for extremely wet or dry conditions
- Apply 2 times weekly to horn, sole and frog

SBS Topcoat Hoof Conditioner

- Class 2 Hoof Conditioner
- Apply 2 times weekly
- A dual-action hoof conditioner providing total hoof care
- Shines, protects and rebuilds hoof with collagen protein emulsions
- Combines the active ingredients used in Sav-A-Hoof, that fight bacteria and fungi, with a breathable protein coating that promotes a natural moisture balance in the horn for flexibility

SBS Crack Filler Kit

- Grows out with hoof
- Rasps easily
- Convenient two part dispensing tube allows you to use only what you need
- Approximately 3 to 4 repairs per kit
- Excellent adhesive qualities
- Impervious to urine, water and contaminates
- Becomes a part of the hoof wall in 10 minutes

Allen's Blue Powder

A medicated thrush preventative, developed by farrier Todd Allen. The active ingredient is copper sulfate and the powder is sprinkled on the frog and sole area of the foot as a preventative measure. Also used as a treatment for thrush. 9 oz. size.

Books

Since its founding in 1990, FPD has actively engaged in providing programs and resources that encourage and promote educational excellence throughout the farrier industry. FPD is unique and progressive in their commitment to hoof care education for all farriers, veterinarians and others involved in the equine world.

Bloom Forge Book of Shoes

Roy Bloom's popular Book of Shoes. Including 150 shoe diagrams and forging specifications, the latest version is printed on a heavy, coated paper guaranteed to hold up well to the rigors of use in the field. Because it is bound in a three-ring binder, you can move through the book with ease.

Videos (DVD ONLY)

Hot Iron Productions (HIP Inc.) was founded in the mid-90's to produce high quality video footage for the farrier market. Roy Bloom CJF and Dave Farley CF were ahead of the curve in the industry, conducting clinics throughout the US and Canada, using video to help attendees get all the details that were a part of their presentations. Bloom and Farley have each been shoeing horses for over 40 years and are recognized among their peers as leading educators and craftsmen in the trade.

Good News from Kerckhaert

Now, when you buy Diamond® products, you can count on getting the same quality and reliability professional farriers have come to expect from all Kerckhaert brands. With major improvements to all Diamond® horseshoes and exciting plans for design changes to the Diamond® tools, farriers can choose Diamond® with confidence.

Diamond® Tradition - Kerckhaert Innovation

Diamond® Tracker

One shoe, countless shapes. The first shoe in this style that can be easily converted for both front and hind. Features a V-Crease and Sole Relief, and has ideal nail hole position and good heel support.

Punched for City, Slim or Combo blade nails.

One Shape - Unclipped - 00, 0, 1, 2

Diamond® Classic Rim

The Diamond Classic Rim is an excellent shoe for activities that require more traction than a flat shoe. The shoe is 1/4" thick and features a deep V-Crease and a crisp rim design for increased traction and breakover. Diamond Classic Rim shoes are also made with high quality steel for better wear. The generic pattern can be easily shaped into either a front or hind shoe.

One Shape - Unclipped - 00, 0, 1, 2

Diamond® Classic Plain

The Diamond Classic Plain is a basic flat, 1/4" thick, creased horseshoe in a one shape pattern (no front or hind) designed for versatile use. This is an excellent shoe for general riding; outstanding quality at a competitive price. Shoes are symmetrical. Punched for City or Slim blade nails.

One Shape - Unclipped - 000, 00, 0, 1, 2

Diamond® Classic Heeled

The Diamond Classic Heeled is a one shape pattern (no front or hind) and features crisp, clean heel calks that are integrated into the forging process. This process creates a strong, yet lightweight shoe, giving the horse increased traction in rough terrain. Shoes are symmetrical. Punched for City or Slim blade nails.

One Shape - Unclipped - 000, 00, 0, 1, 2

Diamond® Bronco Plain

The Diamond Plain Bronco is a flat, 5/16" thick, creased horseshoe in one shape pattern (no front or hind), designed to fit both front and hind feet with little to no modification. Shoes are symmetrical. Punched for City or Slim blade nails.

One Shape - Unclipped - 000, 00, 0, 1, 2

Diamond® Bronco Toed and Heeled

The Diamond Bronco Toed and Heeled features a forged toe and heel calks in a ready to nail, one shape pattern (no front or hind). Shoes are symmetrical. Punched for City or Slim blade nails.

One Shape - Unclipped - 00, 0, 1, 2

Diamond® Hind

The Diamond Hind is designed to fit the majority of hind hooves with little to no modification. This shoe features accurately placed nail holes and a round heel cut for more fitting options. Shoes are symmetrical. Punched for City or Slim blade nails.

One Shape - Unclipped - 00, 0, 1

Diamond® Draft

Commonly used to make pulling shoes, the Diamond Draft is ½" thick by 1" wide and is manufactured from high quality steel for extended wear and durability. The shoe features a deeper V-Crease and cleaner nail punching with improved nail fit and pitch control. Elongated heels can be turned down for extra traction or cut to fit. They are punched for 9 Regular Head nails.

One Shape - Unclipped - 6

Diamond® Special

The Diamond Special Plain has a rounder shape and slightly wider web than the Diamond Classic to give it a "fuller fit." The precision nail hole pattern and easy hot or cold shaping makes this an ideal shoe for a variety of situations. The shoe is 1/4" thick. Shoes are symmetrical. Punched for City or Slim blade nails.

One Shape - Unclipped - 000, 00, 0, 1, 2, 3, 4, 5

Diamond® Pony

The Diamond Pony is a smaller version of the Classic Plain that is 1/4" thick. Forged from special steel (like the regular horseshoe) the Diamond Pony shoe offers extended wear. Six properly spaced nail holes fit the average pony hoof. Shoes are symmetrical. Punched for 4.5 Race nails. Note: For No. 2 Pony shoe, use Diamond 000 Bronco.

One Shape - Unclipped - 0, 1

Diamond® Hoof Nippers

- Professional quality nippers, precision manufactured from special alloy steel
- 12" Nipper (FN12) – Used for race horses, smaller horses and foals
- 15" Nipper (FN15) – Maximum leverage and cutting ability

Diamond® 14" Economy Hoof Nipper

- Economy model
- Forged from high quality steel with heat-treated jaws and handles
- Sharp cutting edges are hardened, honed and flush ground

Diamond® 15" Farrier Tong

- Manufactured from special low carbon steel for lasting strength
- Will not become brittle when quenched in water
- Ideal for handling average size shoes

Diamond® Clinch Block

- Solid steel block used to set clinches after driving nails

Diamond® 6" Clinch Cutter

- High quality forged all-purpose tool
- Beveled edges for close cutting
- Cutter on one end and pritchel on the other

Diamond® 12" Pritchel

- Clears shoe nail holes
- Flat design
- 5/8" wide

Diamond® Combination Shoe Puller/Spreader

- Safely removes shoes from hooves
- Exclusive pattern consisting of sharp teeth on outside edges for ease in spreading most shoe sizes and styles
- Useful for cutting nails
- Button rivet construction

Diamond® Crease Nail Puller

- Useful for removing nails from the crease of shoes
- Precision forged from high quality steel for lasting durability
- Button rivet construction
- Polished head
- A must-have for every farrier

Diamond® 12" Goose Neck Clincher

- Turns heads of smaller nails when shoeing ponies or race horses
- Forged from high quality steel

Diamond®12" Saddle Horse Clincher

- For use on larger nails in saddle horse hooves
- Forged from high quality steel

Diamond® 12" Farrier Clincher

- Designed to roll over high and low nails
- Downward push with rolling action clinches nails
- Forged from high quality steel

NARROW HOOF KNIFE

DOUBLE EDGE HOOF KNIFE

WIDE HOOF KNIFE

LOOP KNIFE

Diamond® Hoof Knives

- Removes excess sole and trims the frog
- New stainless steel blade maintains sharp edge for clean, fast cuts
- Hardwood handle
- Comfortable grip
- Available in narrow and wide blade for left or right hand, Double Edge and Loop Hoof Knife

Diamond® Toeing Knife

- Made of extremely sharp 5Cr15 Steel
- Ergonomically shaped, soft grip handle
- Available in Model 280 (cutting surface length - 3-1/4") and Model 330 (cutting surface length - 4")

Diamond® Horse Rasp

- Rasp teeth on one side, file teeth on other side, single cut on edges
- Rasp side allows for aggressive but controlled hoof removal
- File side produces a consistently smooth finish

- Superior performance in both wet and dry conditions
- Available in quantities of 6

Diamond® Screw-on Rasp Handle

- Wooden
- Fits 14" Rasps
- Packed in attractive blister package

Diamond® Poly Twist-On Rasp Handle

- Made of polyurethane material for durability under tough conditions
- Features a double-nut design to ensure a secure fit
- Ergonomically designed for a comfortable grip and is light-weight for reduced fatigue
- Designed for the Diamond farrier rasp but will fit many other hoof rasps as well
- Individually packed in boxes of 10

Diamond® Rounding Hammers

- Hammers feature one round, crowned face and one flat face with beveled edges to reduce chipping
- Perfectly balanced with a hardwood handle
- 24 oz. Rounding Hammer (60) – Lighter shaping hammer, good for aluminum or light steel shoes
- 36 oz. Rounding Hammer (61B) – 2 ¼ lb. shaping hammer, ideal for cold shoeing or heavier shoe shaping

Diamond® Driving Hammers

- Diamond driving hammers feature heads forged from high quality steel and hardwood handles
- Available in two sizes
- 10 oz. Race Track Driving Hammer (FH10) – 10 oz. driving hammer that is lightweight and perfectly balanced
- 14 oz. Farrier Driving Hammer (FH14) – 14 oz. hammer that is the most useful weight for a wide variety of farrier applications

Diamond® Fence Tool

- Starting and pulling point on one jaw with corrugated hammer head on the other
- Front pulls staples, lifts lugs and splices wires
- Wire stretcher located behind joint
- Handles are coated with green plastic

NEW!

Diamond® Tool Roll

- Durable, waterproof tool roll with 8 pockets
- Features two adjustable side release buckles and comfort grip handle
- Ideal for travel and storage of Diamond Farrier tools
- A must have for the farrier and horse owner on the go

NEW!

Diamond® Pad Shears

- 9" pad shears
- Easily cut and shape all hoof pad materials such as leather, hard plastic, and soft plastic
- Teeth on cutting surface grip material to prevent slippage while cutting
- Spring loaded handle for easy, 1-handed operation
- Locking mechanism on base of handle for storage
- German made from high quality steel

Diamond Pad Shears and Kerckhaert Daily Pad Application

https://youtu.be/GVwEcgX0G94

Diamond® Aprons

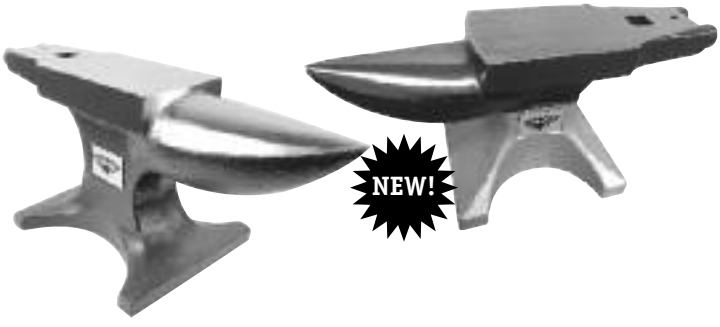

- Comes in two sizes: Short – 22" and Long – 28"
- Well constructed with strong leather patches double stitched over a heavy-duty cotton apron
- Comes with two hoof knife pockets; stitched and riveted for extra durability
- Features an adjustable quick release buckle and Velcro leg straps
- Handmade by skilled Dutch leather workers

Diamond® Stall Jacks

- Available in 19" and 23" models
- Turning cam
- Large work area to accommodate a wide variety of shoes

Diamond® Anvils

- Large work area to accommodate a wide variety of shoes
- 1" hardie hole and pritchel hole
- Rounded, tapered heel with turning cams
- Three models are available: two are all steel (77 and 84 lbs.) and one model has an aluminum base (55 lbs.)

Thrush Treatment

- "Marking" gel formula does not run when applied
- Reduces bacteria and fungi without harming the surrounding tissue
- Bonds to the hoof protein to form a barrier between thrush and healthy tissue
- Blue color shows where product has been applied
- Flexible tip applicator for better placement of treatment 18 bottles per case

Hoof Conditioner

- Dual-action hoof conditioner
- Provides a barrier against infection
- Helps maintain a healthy moisture balance in hoof
- Replaces natural protein worn off from hoof
- Built-in applicator
- 12 bottles per case

Hoof Defender (Hoof Protectant)

- Reduces bacteria and fungi on the hoof wall, sole and frog
- Boosts the natural resistance of the hoof against diseases that are caused by bacteria and fungi
- Can be applied to the coronary band
- Built-in applicator
- 12 bottles per case
