Diamond Max Glide

The innovative and unique manufacturing process of the Diamond Max Glide creates a high-quality rasp and file; 10% wider than the standard rasp. The rasp side features a 9-tooth pattern with slightly smaller teeth, and a file side with Chip Breaker.

RAZORSTAR™

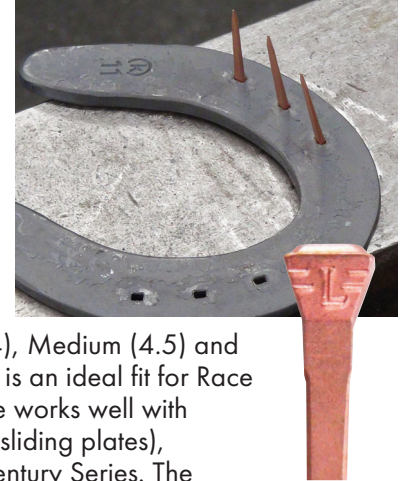

Kerckhaert SX-8 Select Hind

The SX-8 Select Hind is based on the popular DF Select Hind, specifically designed for horses requiring extra heel support. An excellent option for rope and cow horses. Elongated, tapered heels and full toe. The widest part of the shoe is moved forward allowing for extended heel fit. Shoes are unclipped and symmetrical. Punched for 5 City, 5 Slim and 5 Combo Slim nails. Made in Holland.

Liberty Carrera Nails

Slight extra neck fits more securely in the punching, a slim shank and only a minimal amount of head above the shoe surface. Three sizes available: Small (4), Medium (4.5) and Long (5). The Small size is an ideal fit for Race Plates. The Medium size works well with Kerckhaert Pride series (sliding plates), Aluminum Triumph or Century Series. The Carrera Long is excellent for smaller sized keg shoes.

Plexus CS Gel

Plexus CS Gel has been developed by Austin Edens to help treat white line and other bacterial/fungal issues in the horse's foot. The gel formula contains copper sulfate and vinegar in a ratio that makes it an effective treatment and preventative product.

JUST A REMINDER

Kerckhaert Prime Fit and Trek NEW SIZES SHIPPING TO AN FPD DEALER NEAR YOU

The Kerckhaert Prime Fit in size 000 and Trek in size 2 are now available!

The Prime Fit offers a competitively priced option for pleasure, trail and ranch horses. The easy-to-fit front and hind shapes will minimize fitting time. Full 5/16" thick stock has a V-Crease; accommodating a range of American style nails, including Combo Slim, Slim and City. Sized the same as Kerckhaert Steel Triumph.

The Trek is a Triumph style shoe with a single shape, easily modified to front or hind. It is the perfect option for farriers who would prefer not to carry front and hind inventory. The Trek is 3/8" thick, providing good wear and traction. It is a one shape pattern, unclipped only. Use Liberty 5 City or 5 Slim nails for expert results.

The Kerckhaert Steel Triumph has been popular for many years because of the extra traction it provides for event, trail and working ranch horses. The excellent front and hind shape and steeper bevel in the toe provides good breakover and less chance of slipping. Use Liberty 5 Slim, 4 or 5 Combo Slim or 5 City for excellent results.
